

Our virtual Cradle Roll Videos are going around the World

“Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these.” Matthew 19:14

Charlotte Fidelia has been producing virtual Cradle Roll Sabbath School videos since church closure last March. According to Jef Nascimento who monitors internet access to church sites there are now 17 videos available and they have averaged at least 300 viewings each - some have approached the 3,000 mark! This has meant that Charlotte has suddenly found herself a household name in many Adventist homes scattered around the world.

Here is her behind the scenes account of their production.

I think it would be nice for people to know how much time and effort goes on behind the scenes and that God has been guiding the process every step of the way, even years in advance. It's a privilege to serve. Worship at a young age is fundamentally important and I'm grateful that I have the opportunity to share Jesus's love and care with these little ones.

My Mum, Carol Fidelia, has been the leader of Cradle Roll Sabbath School for over a decade. I have been part of the programme for just as long. However I have often led out the programme most weeks; this includes singing, playing piano and story-telling.

We have a set programme format that was created by my Mum that we have used for years. Gracelink (General Conference) recommends monthly programmes for children in Cradle Roll as, due to their age and the resources required, it makes it easier for the children to follow and learn the routine for the Sabbath School. My Mother chooses the songs each week, based on those we have come to love and know at Stanborough Park.

When we identified that we wanted to provide Sabbath School virtually, I took an entire day to record everything on my phone and laptop and put it together. It was very crude in the way I created everything but it provided worship for the little ones for April.

I did not know how far this video would reach - we have almost 10,000 views on that video! I was getting messages from all over the world, people thanking me for bringing worship to their little ones in areas

possible to the children."

"God has blessed me with being able to use technology easily. I have no training in using media or photography. I am completely self-taught. I will explain how I create my programmes. It is a bit complicated but I hope I can explain it in an easy to understand manner:"
